## Israeli and Palestinian Identities in Dialogue: The School for Peace Approach

Edited by Rabah Halabi

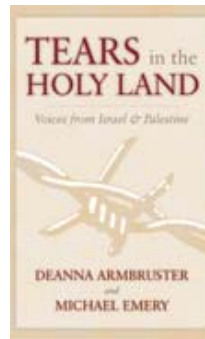

*Identities* is the first book to provide a model for dialogue between Palestinians and Jews that has been used successfully in other ethnic and national conflicts, and should be required reading for everyone interested in Jewish-Palestinian relations. The book is the result of the insight and experiences of Arabs and Jews at the School for Peace over the last two decades. Essays address topics such as strategies for working with young people, development of effective learning environments for conflict resolution, and language as a bridge and as an obstacle.

## Tears in the Holy Land: Voices From Israel and Palestine

by Deanna Armbruster & Michael Emery

*Tears* puts a human face, one of suffering and determination, on the headlines. The collection of oral histories based on interviews with Israelis and Palestinians gives voice to those most affected by the conflict in Israel and Palestine. They speak with a sincerity that reaches out from the pages and demands critical consideration. The question of which side is right fades as another truth emerges: the cycle of violence must cease for the sake of the personal and economic security of all people in the Holy Land. *Tears* is an ideal way to build awareness of the crisis.

*"It enlightens and creates empathy – a critical beginning in peacemaking...an engrossing book."*

Joseph Montville  
Center for Strategic & International Studies

*"I can think of no better way to understand the tragedy of Palestine and Israel than to read this book."*

Richard Falk  
Princeton University

# No One Can Ever Steal Your Rainbow

Story by Barbara Meslin, Illustrations by Helen Webber

*"I would love to place this book on every child's shelf and in every women's shelter and family clinic, where its uplifting message would do a world of good."*

Alicia Bell, Children's Librarian

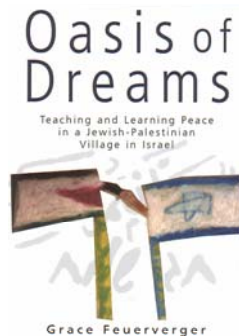

*"Good Book. I love all the colors and pictures—and the message."*

Emily Marcus (age 9)

A few years ago, a seven foot tall rainbow arch was installed at the entrance of a playground for Jewish and Arab children in the village of Neve Shalom/Wahat at-Salam, the Oasis of Peace. The importance of hope, signified by a rainbow, is the beautiful message of this book, which tells the true story about a stolen rainbow and the power and peace that come

*"Professor Feuerverger offers us a remarkable look into the Jewish-Palestinian experience...and a much needed perspective from which to view multilingual and multicultural issues."*

Eugene E. Garcia  
University of California-Berkeley

*"...This qualitative study of a school in which Jewish and Palestinian children learn together holds particular significance...offering us no final answers but enhancing our capacity to see."*

Maxine Greene  
Teachers College, Columbia University

## Oasis of Dreams: Teaching and Learning Peace in a Jewish-Palestinian Village in Israel

by Grace Feuerverger

This ethnography about Neve Shalom/Wahat al-Salam, the Oasis of Peace, and its bilingual educational institutions pulls in the reader through the use of personal narrative, beautiful storytelling combined with academic rigor. It is the stories, both of the author, and of the individuals who have dedicated their lives to peace, that make the book so powerful. *Oasis of Dreams* shows a different, and much needed, side of the Israeli-Palestinian conflict and invites to join the dream and the families dedicated to following it.
